I Am So Thankful

After quite a bit of serious thinking I guess I didn't realize before that I really have so many things to be thankful for.

I guess I would say being a citizen of the United States would head my list. Just being a citizen of the United States gives me so many privileges and opportunities which I am thankful for. I have an equal opportunity to get an education which is getting to be more important as time goes by. I have freedom of speech and religion which also I'm thankful. We don't realize what a privilege and wonderful opportunity this is until we study about those who don't have such rights.

Then too I'm thankful for the wonderful home I have and the living which is provided for me by my parents. When I stop to think I am almost ashamed of myself for not giving more thanks and consideration to my parents.

Sometimes I think things are pretty rough but really when I stop to think of the privileges my folks give me I don't think I have any complaints.

When I think of these people who are in institutions and do not have a chance to succeed or make a success of themselves. I realize how thankful I am for my good health. Without good health you wouldn't be able to enjoy life to it's fullest or accomplish a goal but most of us just take it for granted and never stop to realize how thankful we should be that we are in good health.

Really we Americans have so much to be thankful for. So many people in other countries do not have enough to eat or a shelter over their heads and very little clothing to wear

while in America we don't know what hunger is or what it would be like to not be close to a warm fire at night. So it is that our democracy in America is a wonderful thing and something we should all be thankful for. We are living in a country of opportunity and I hope the people that follow us will enjoy the freedoms and rights that we now have.

Joyce Richards

In Bookkeeping class, Mr. Pistole had us write a paper on what we were thankful for. Below is a list of what different ones were thankful for, and how many were thankful for each item.

Why I Am Thankful

I have many things to be thankful for this Thanksgiving. First of all I am thankful for my comfortable home and my parents who bring much joy, love, and happiness into my life. In this home there is always warmth, food, friendship and all the conditions that make a home like home which are not present in the homes of so many other countries.

I am thankful that the members of our family have nearly recovered from the illnesses of the past year.

Truly I am thankful that I have so many friends. Friends that will help in any way or will on the other hand share my sorrows and joys.

I am thankful for my school and the privilege given by this nation for educational development which will result in a more advanced group of people.

It is my belief we should all be thankful for our freedom of worship and for the privilege we were given to live in this day and age.

For our democratic government of the people and for the peace in the world today, I am truly thankful.

Also I am grateful for the bountiful harvest this year, the new developments of science, the increasing industry providing all the desirable products, and the increasing amount of modern conveniences used today.

For this one day to extend my small and soundless thanks, I am thankful.

Last, but not least, I am thankful for the great opportunities that have been opened for me in the near future after graduation.

Sharon Kinney

Why I'm Thankful

As I go through each day I have many things to be thankful for. I'm thankful that I have a roof over my head and a home to come to at the end of each day.

I am thankful that I have a mother and father who are very kind to me and who try to help me in all the ways that they can, when I have troubles or need advice on certain problems.

I'm thankful that I live in a country that has a democratic government where we can vote for whom we want for a certain position in government. I am thankful that I have my choice of religion and can worship in any way, and that I have freedom of speech. In our country there is a much higher standard of living and there is more wealth than in any other country. I'm thankful we do not have war in our country.

I have a school to go to, which I am thankful, to increase my education, to find and make new friends, and to make myself a better person in all the ways that I can.

I'm thankful that I am able to walk, and to be able to use all my senses which were given to me, and to be in good health.

I am thankful that I always have enough food to eat, while in other countries many people go hungry, because of the lack of food.

Of all the things that I am thankful for, I think the most important one is that I live in a democratic country.

Ruth Grout

Be Thankful

I am thankful for the home I have, as it gives me a feeling of love and warmth and also a place to be sheltered. It supplies a roof to shelter me while I sleep at night. It is a place where a family can be together to show their love for each other.

I am thankful I have a mother, father, and sisters to love and to be loved by. A family that is filled with love is a family with great happiness for all. Also, that we are now

I am thankful that I live in a country with a democracy for all. Also, that we are now at peace with the world and not having another war. I am thankful that we have such freedoms as: freedom of speech, religion, and the press. That we can worship as we choose to worship, and at our own place of worship.

I am thankful that I can go to school to further my learning and understanding of other people of the world, and by that means also help try to promote peace among nations.

I am thankful that I live in such a fine town and that it is one we can be proud of and proud to live in.

I am thankful that I am living during this era of progress and building for a better future. During my lifetime many great steps are being taken toward future years. Many new and great inventions are being made to aid the people in our country of progress.

I am also thankful mainly for one thing. That is, for my health I now have and hope to continue to have. We, the people of this country truly have many things to be thankful. Therefore why not make the best of them.

Larry John Giles

What I am Thankful For

I am thankful for having a special purpose in this world and for the peace that exists today. God put everybody here for a purpose.

I am thankful for living in the free country of America and not in some communistic country where they don't have the many freedoms that we enjoy today. Living in America gives us our many freedoms. Such as freedom of religion, freedom of the press, freedom of assembly and others. We can go to the schools where a good education is provided and you don't have to be told what school to go to. Here you have your choice of subjects, where in some communistic countries you are told what subjects you have to take and what kind of work you have to do when you get out of school.

I am thankful for the convenient homes we have to live in. In some countries they don't have the modern homes we have to live in; instead they live in shacks or the nearest building possible and some don't have that good of housing. They don't begin to have the modern conveniences we enjoy today.

I am thankful we have organizations like 4-H clubs, Girl Scouts, Future Farmers of America, Boy Scouts, Boy's Clubs of America, and our church organizations to which we all have an opportunity to belong.

I am thankful for the democratic government which we have in our government and our democratic way of elections of our president and other members of our government. We can say how we want the government run.

Rita Miller

My Reasons For Thankfulness

I have many reasons for being thankful because I have been given many special privileges and opportunities that have not been given to others.

I am thankful for a nation that is free and independent, for a great country that has been given many blessings, and for the privilege of living among the wonderful people of the United States. I am thankful for the people who form our government, a government whose laws and ideals give everyone an equal opportunity to succeed according to his individual abilities and talents. I am glad that we are presently at peace, that the United States is not engaged in a war. I am grateful for the privilege of living under a government that does not dictate the activities of its people, except to provide justice for everyone.

I am thankful for the people and the institutions of the community. I am grateful for churches, schools, 4-H, F.F.A., and other community organizations that everyone can enjoy. I'm grateful for the people who keep the citizens protected, such as firemen and police.

I am especially thankful for my own family and friends. I'm grateful to my parents for the wonderful home that they have given me, and the guidance, opportunities and privileges that I have received.

I am thankful that I was born on a farm and live on a farm.

Also, I am very thankful that I have no physical or mental defects which would be a disadvantage to me in my work and in my future life.

Brenda Brown

Be Thankful

Many people do not stop to realize the true meaning of Thanksgiving Day. They think of it as just another holiday so they can get off work. We seldom, if ever, think about why there is a Thanksgiving Day. Usually we are in too big a hurry or are too busy stuffing ourselves with "turkey and all the trimmings" to realize what Thanksgiving means.

If we would sit down and list all the things for which we are thankful, we would have enough to fill a book. I am going to list a few of the things for which I am thankful.

I want to start my list with my parents. I am thankful too for my home and community.

The next on my list is my country. I am proud and very thankful to live in a democratic country. We can never stop thanking God for the freedom we possess. Examples of this freedom are the freedom of religion and the freedom of speech. Peace is not everlasting but I am thankful we have it at the present time. In this country, we also have very good schools and colleges where anyone who is willing can get an education.

I am also thankful for the health of my family and friends which no one wants to be without.

Therefore, living in America as we do, we have many things to be thankful for.

SENIOR NEWS

The Senior class sponsored a chili supper Wednesday, Nov. 20. This project will add to the class fund for senior trip expenses.

JUNIOR CLASS NEWS

Hurrah!! The Junior play is over and alls well that ends well. The play "One Delirious Night" was presented Friday, November 15.

The Junior class ordered their class rings last Friday. All the class was so excited that the day had finally come, that they could hardly decide on what kind of a ring to get. They also ordered their announcements and cards.

SOPHOMORE ENGLISH

In English we have been studying commas, the colon, capital letters, and indirect objects and objects of prepositions.

Those receiving the highest grades are Janetta Saltzman and Janet Richards.

GEOMETRY

In geometry class they have been studying angles, triangles, and perpendicular lines.

Those receiving the highest grades are Doris Giles, Betty Hill, and Melvin Richards.

"Some of our schools are getting so crowded that any place that's hollow, they have a class in it."

HEALTH

For the last few weeks the members of the health class have studied the structures in, the infections of, and the safeguarding of the ear.

At this time the class is discussing the nervous system and its actions.

AMERICAN HISTORY

In history class we have been studying the slavery controversy, the causes, and the effects of the Civil War.

At the present we are writing biographies and reports concerning men of this time or important issues of the period.

SCIENCE

The science class has been taking a study of the eye, how we see, and parts of the eye. Recently we have been studying planets in our books and opinions of other science books.

ALGEBRA

The freshman have been learning to factor quadratic trinomials, the square of a binomial, and trinomial squares.

WORLD HISTORY

We have started using a ~~workbook~~ in connection with our text book. We have been studing the Middle Ages and the Beginning of Modern nations. Gay Lou Ferguson, Linda Kinne, Janet Richards, Janetta Saltzman, and Jerry Jobe were the ones that had the highest scores for the second six weeks.

FRESHMAN ENGLISH

We have taken up library reference work and some vocabulary structure. Also been doing some paragraph writing and studing nouns, verbs, and some punctuation. Those having high scores the second six weeks were Gay Lou Ferguson, Linda Kinne, and Jeanette Werner.

JUNIOR HIGH NEWS

Those who have received 100's every Friday in spelling are Lynn Obermeier and Nancy Nichols in the eighth grade and Karen Reasoner and Delores McKay

Friday afternoon in art class we painted. We don't paint very often because it takes most of an afternoon for us to do so. We think our paintings turned out fairly well.

The Hebrews and the Phoenicians have been the subjects of study in the sixth grade history class. The seventh and eighth grades have been studying the possessions of the United States. They are drawing maps of them and learning as much as we can about each territory. Mrs. Ashenhurst has promised a test at the end of the study.

The seventh and eighth

grades have been studying pronouns in English. The sixth graders have been studying letters.

Arithmetic in the sixth and seventh grades has been the study of fractions. The eighth graders have had interest and insurance.

Our checks for the Halloween prize money came last week. Our total was \$4.50. This money and some left over from last year will be spent on games and books.

Mrs. Russell Petersohn and Mrs. Carl Ford visited our room recently.

Class reporters-Lynn and Nancy

FOURTH AND FIFTH GRADE NEWS

Pete, our polliwon, is begining to develope some legs. We are very interested in Pete and his four goldfish companions which Connie brought us.

We celebrated two birthdays in our room last week. Billy England whose birthday was Nov. 17, and Linda Minnick whose birthday was Nov. 18. Both Linda and Billy treated the girls and boys in the room in honor of the occasions.

We enjoyed presenting our part in the P.T.A. meeting last Wednesday, Nov. 20.

Last six weeks in spelling we had three people who spelled all their words correctly. They were Connie Reynolds, Joleen Crow and Craig Riggs. Several others had records of which they also can be proud.

We are working hard this year and are learning many new things.

The fourth grade are learning to divide in arithmetic and the fifth grade are learning to divide large numbers.

In language both grades are studying the thank-you letter, capitalization and punctuation. The fourth grade have also been studying the days of the week and the months of the year. The fifth grade have also been working with pronouns recognizing sentences, and combining sentences.

Electricity is the topic of discussion in fourth grade science while the fifth grade are working with the topic of rocks and minerals. Both classes are just starting their new units.

PRIMARY AND FIRST GRADE NEWS

Kathy Boyd brought a cocoon to school to show the room. The outside covering was still on, so it had to be sawed into so everyone had the privilege of eating some of the meat.

We had three birthdays in our room. They were Leonard Mason, Nancy Stephens, and Rodney Shields.

Those who visited our room this month were Mrs. Carl Riggs, Mrs. Billy Breckenridge, Roseann Wurster, Mrs. Carl Ford, Mrs. Russell Shields, Mrs. Ed Ford.

Craig Ford, and Sandra Christensen.

Leonard Mason who has been ill with pneumonia the last two weeks, is back with us again. Curtis Lininger has been ill with a throat infection is back also.

The First grade got 3rd prize for their Halloween picture, and the Primary got 2nd prize.

We have drawn names for Christmas so the Christmas Spirit has begun in our room.

SECOND AND THIRD GRADES NEWS

Our room is waiting for Thanksgiving vacation. We have been spending time just talking about the different things that we are thankful for. We can certainly find plenty of them. We are also talking about the first Thanksgiving. We are doing free hand work with pictures concerning the holiday.

Booklets were made at the closing of the second six weeks period. All of us made a test booklet with our test papers and a few daily papers. The second graders made a science notebook as a finishing project of an Animal Unit. Third graders made a health booklet on the proper foods our bodies need and what it is used for.

Richard Ferguson treated us on his ninth birthday this month.

Visitors in our room during the month were Mrs. Billy Breckenridge, Mrs. Carl Riggs, Mrs. Ira Ferguson, Mrs. Russell Petersohn and Mrs. Elton Werner.

Third graders in science have completed the unit on "Food

Makers". We enjoyed studying about the parts of a plant and what they need to grow. The children brought different seeds to school and we opened them to find out where they started their food.

In third grade reading we are using "People and Places" which is a worktype reader. We will also be using "Streets and Roads" with its accompanying workbook along with the worktype reader.

Second graders in arithmetic are still studying the facts up to eight. We also have had some work with ratio numbers whether they are in ones, tens or hundreds places. Third graders are all on facts up to 18. It seems that we need a lot of practice on them.

Our room had 94 absences last six weeks. We hope that this number will decrease this six weeks.

Gary Petersohn is still maintaining his perfect attendance record.

LETTERS TO SANTA CLAUS FROM THE SECOND AND THIRD GRADERS

Dear Santa Claus,

I want a big doll. I want a doll house. Did a dog stop at the North Pole??? I want a Tiny Tears doll. I want a bicycle. I want a piano. I want something for my brother. I want something for my sisters. I want a stuffed dog. Is your nose red???

Carolyn Werner

Dear Santa Claus,

I guess I have been a pretty good girl, but I am not sure. I want a Tiny Tears doll and a new doll buggy. I want a picture of you and your reindeer. And a Mighty Mouse doll so I will brush my teeth every morning. Don't come through the chimney because you won't get through. Ha! Ha! Have a good Christmas. Good-bye.

Mary Louise Hutcheson
Tingley, Iowa

Dear Santa,

I have been a good girl. So please bring me a doll and buggy. If you can, bring me a Bible, and necklace set. I'd be happy.

Santa why do you have such a red nose???

Love
Gwen Reynolds

The traffic officer order-

The traffic officer ordered Richard P. to pull up to the curb and produce his driver's license.

"I don't understand this, Officer," Richard protested. "I haven't done anything wrong."

"No, you haven't," the officer replied, "but you were driving so carefully, I thought you might not have your driver's license."

Dear Santa Claus,

For Christmas I want some ice skates, rhinestone necklace, or stationery. I have been writing letters to my friends. We have drawn names for Christmas. Billy is my brother. He and I have been pretty good kids. I hope you stop at our house. I also want a basket and carrier for my bicycle. I enjoy getting presents from you. If you want to get to our house just look next to the doctor office. Does your bag ever run over? I could use some dresses. You could also bring me a cowgirl belt. I hope I see you this year.

Sally Breckenridge

Dear Santa Claus,

I hope this year at Christmas I get some candy. I have been a good boy, and I want a boy's bicycle. And some other things. Mom and Dad say that Christmas fills up the air. Does Rudolph still go with you and does the other deer like him?

Richard Ferguson

Janet R. was obviously upset. "Dad, I want to go to another school."

"What's the matter, Janet?" her father asked with concern.

"Don't you like the teacher?" "No, I don't. He's trying to confuse me."

"What do you mean, Janet?"

"Yesterday he said five and five was ten. Today he said six and four is ten."

Since the T. H. S. Journal will be sent to Santa certain people have asked that their letters to him be published in this edition.

Dear Santa

Please send me the referee that was at Benton when our boys played there.

Brenda

Dear Santy

Please hurry along the super highway from here to Des Moines so Lyle can come down more often.

Bev.

Dear Mr. Claus

I wish you'd bring me a vehicle of any kind just so it has 4 wheels and can get me to Afton several times a week.

Larry F.

Old Man with Wiskers

I've been a real good boy Santy but--people are accusing me of chasing women, and I haven't been. Wish there were some to chase. Could you help me?

Dear St. Nick

Santy, I'd really appreciate a REAL gun for Christmas with some free lessons too!!

Thanks a Lot
Judy J.

P. S. I could borrow a gun if I just had a teacher.

Dear Mr. Claus

I don't want more girls, I only want you to put more hours in the day so I could have enough time for all the girls I have.

Melvin: "Mother."

Santy Claus

Could you possibly arrange it for a certain boy in Creston to get a daytime shift instead of a night time shift.

Sharon

Santy

I sure wish you'd bring me a pair of heels approximately 6 inches high so a 6 foot guy won't have to stand on the step below to kiss me goodnight.

Janet P.

Dear Santa

Please bring me a new car to drive under the radiator cap of my old one; that's the only thing left that's any good.

Richard P.

Santy

I have a problem. If you'd just move a certain boy in study hall closer to me it would make it more convenient for both of us.

WELL! Jerry finally got to go with that certain girl from Elston. Was she worth waiting for Jerry???

I see Marilyn has a class ring on her finger, but why the initials L. R.??? Keep us informed Marilyn.

Brenda, Janet, and Glee-- what were you reaching for at Benton?? Was he tall, dark, and handsome with a referee's uniform on and a whistle in his mouth??

LATEST!!!!

Marie M. and Bob R. seem to be showing interest in each other.

Mike, I'm afraid you are wasting your time on Jeanette-- She's taken.

Hoping to get a rise out of the farmer working in the field by the road, a fellow called:

"Hey, did you see a wagon-- load of monkeys go by here?"

"No," replied the farmer, "did you fall off?"

OH!! Melvin, could you tell us what that magazine was doing under the seat of you're car? If you can't I'll bet Janet and Glee could.

I always thought an Old's was easy to drive but looks like it takes two to drive "Tull's"

I have been asked to warn D. K. that if he doesn't keep still two certain people won't hunt rabbits for him anymore.

You know the old saying that you are to kiss the driver when a rabbit runs in front of the car!!!

Remember the bet Melvin was to collect in the last issue of our paper? Well--according to the grapevine he has collected his bet. WITH INTEREST!!!!

Jeanette, who is this boy from Diagonal?? Could his initials by any chance be J. S.??

What is this about Saturday night? Ronnie S. what did you have to do with it? Don't let the big boys teach you bad things..

Tom, do you serve towels with your showers; or does Mr. Pistole have his own.

Customer: "I hear my son has owed you for a suit for three years."

Tailor: "Yes, sir; have you come to settle the account?"

Customer: "No, I'd like a suit on the same terms."
